

Architectural Building Arts' mission is to deliver excellence through our Design/Build process that embraces environmental integrity, quality construction and efficient timelines. By creating enriching spaces and lasting value we change the places you live into the places you love.

Celebrating
25
Years
of Creative
Transformations

These bath remodels are within the same home but are very unique. The Guest Bath kept its original size but was updated with all new plumbing fixtures & finishes, while saving the existing small vanity.

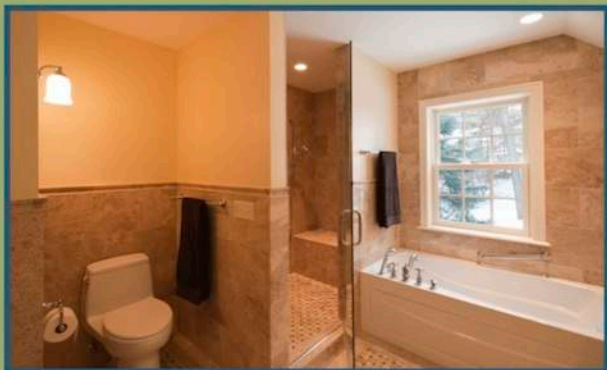

BATH REMODELS: *Side by Side*

Interior finishes include custom bowed front vanity cabinetry, tile backsplash, tile flooring, tile wainscoting and tiled shower surround with Kohler sliding glass door system.

We used space from the Master Bedroom and closet to develop the plan for the new Master Bath. A vanity with custom cabinetry, marble countertop and tile backsplash was created. Other interior finishes include tile flooring, tile wainscoting and a custom tile shower. ■

25

In Gratitude

a letter to our clients and friends

Reflecting on our 25th anniversary, I am filled with gratitude toward each of you and the trust you have placed in ABA. I am reminded of the many beautiful projects we have designed and produced and the wonderful clients and friends we have as a result of being in business 25 years.

We have developed and grown the business based on core values and a mission statement that we are passionate about. Many thanks to Steve as we were one of the first companies to develop the Design/Build process that brings a single point of responsibility and communication to enhance and streamline the experience we provide you. These values have been the foundation of ABA and continue to be what we hold true as we move forward into the future.

The mission to deliver excellence through our Design/Build process that embraces environmental integrity, quality construction and efficient timelines is to honor each of you and your projects. Thank you again for your commitment to our company, and allowing us in your homes and lives to enrich your spaces and bring lasting value to the spaces you live in.

We look forward to the opportunity to work with you in the many years to come.

Sincerely,
Melinda Monroe
President

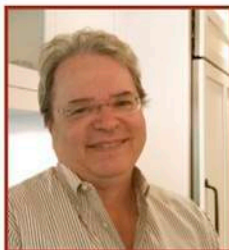

Zane Williams

basement of Steve Larson's home.*

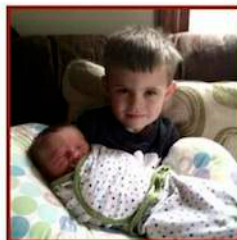

ABAnews

Starting January 2014 **Steve Larson** is on sabbatical to pursue building a home in the country. We wish him all the best on this project. Please contact Melinda at ABA if you have any future projects or warranty items. ■

Aaron Monroe, our Operations Manager and his wife Amanda, and son Sam welcomed Liam Alan Monroe on May 2, 2014! Liam was born at 1:57pm, was 6 lbs. 14 oz., and 20.5" long. Congratulations to your growing family! ■

Casey Mapes, who started with ABA as a Support Carpenter was promoted to Project Manager in 2013. Some of you may have had Casey as a manager on your Project. Congratulations Casey! ■

Ethan Elsner, son of one of our Project Managers, Mike Elsner, worked part time for us last summer, and will be doing the same in 2014! Ethan is graduating from Dodgeville High School this spring, and will be attending UW-Platteville in the Fall. Congratulations, and we're glad you're working with us again! ■

Architectural Building Arts sponsors a team again this year for the East Madison Little League. It's a joy to support the team and hear the kids cheer on their teammates with "ABA! ABA!" ■

Help name our Beta Fish! We have a new office pet and we need your help in naming him. You can email us at remodel@designbuildmadison.com ■

Spring 2014 NARI of Madison Remodeled Homes Tour

DeMaio Photography

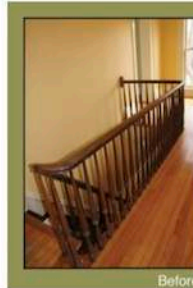

Architectural Building Arts is showcasing this recent Addition with Kitchen & Bath in the NARI of Madison Remodeled Homes Tour.

Please join us Sunday, June 1, and watch for updates & information on free tickets on our Facebook page! ■

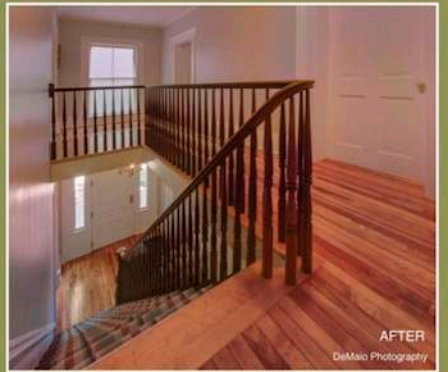

SUNDAY, JUNE 1
9:30 am - 4:30 pm

Madison Trust for Historic Preservation Award

Architectural Building Arts recently won a Madison Trust for Historic Preservation Award for this Historic Stair Rail Rehabilitation. The original rail in this 1860 Historic home was too short for current code and had become very wobbly after all the years of use. The new homeowner wanted us to create a rail system that made the stairs more safe and user-friendly while getting it up to current code. More photos of the process that went into the rehabilitation can be seen on our website designbuildmadison.com ■

NARI Regional Contractor of the Year Award

This project recently won a NARI Regional Contractor of the Year Award for Kitchen Addition. The Homeowners enjoy their kitchen much more now that they can have friends over "without standing on each other's toes". The small amount of space, along with a more efficient layout gave them a significantly more functional kitchen. They and their friends express delight at the bright and upbeat feeling the new space creates! ■

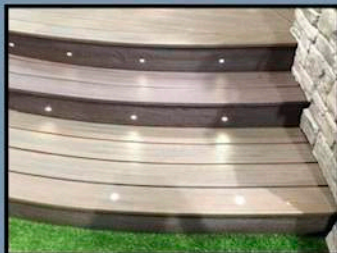

KBIS 2014

2014 Kitchen and Bath Show was in Las Vegas, and there were many new products! Here are a few that stood out to us.

New closet lighting

New Trex deck lighting on stairs, for mood lighting, safety or both.

Velux balcony roof window. It can be used as an emergency egress escape exit.

Thank You For Making 25 Years Possible!

233.2106 designbuildmadison.com

Watch for these 25th anniversary signs in yards around Dane Co. from May 28 - June 11! We want to thank you all who are able to participate in this celebration. ABA is making a \$5

donation for every participant that elected to put a sign up. A total of \$335 will be going out to these various organizations: Lakeshore Nature Preserve, Clean Lakes Alliance, Madison Trust for Historic Preservation, and Habitat for Humanity.

LATEST NEWS!

Architectural Building Arts has earned recognition as a **2014 Guildmaster with Distinction** through Guild Quality which is the leading provider of customer satisfaction surveying for the construction industry in North America.

ABA has been a Guild Quality member since 2010. To view quotes & surveys of our work, visit our website and click on the 

"We do that too!"

MELINDA'S MAINTENANCE CREW

A division of **Architectural Building Arts**

This division is committed to being your single source for home repairs, maintenance and small projects needs. We also offer "Healthy Home" services like mold remediation, preventative maintenance and fixes, carbon monoxide alarm installation & maintenance, and a full range of aging in place modifications.

SPRING & SUMMER TIPS

- C**lean Gutters
- C**heck on A.C. systems and change filters
- C**heck outside faucets to make sure nothing is leaking from over the winter months
- R**ake leaves from your lawn, flower beds and hard surfaces and place them in compost pile
- L**ook for any locations where water may pool during spring rains. These collection sites are prime mosquito breeding grounds.
